## First Work on the Railroad.

At 1 o'clock yesterday, in accordance with previous arrangement, work was inaugurated on the Pioche and Bullionville Railroad. At the appointed hour a large crowd had assembled on the prominent point opposite the old tank of the Pioche Water Works, and east of Panaca Flat, affording a fine view of the southern portion of the city. The number of citizens who had assembled to witness the breaking of ground on the railroad showed conclusively that the people felt a deep interest in the work about to be inaugurated. After some preliminary arrangements, C. H. Beckwith, Foreman of construction of the first section of the railroad, introduced Gen. A. L. Page, President of the Pioche and Bullionville Railroad, who inaugurated the work by digging up and removing the first shovelful of earth. After this Frank Wheeler proposed three cheers for the Pioche and Bullionville Railroad, and the cheers were given with a hearty good will. Cheers were also given for Gen. Page, after which the crowd dispersed, feeling that the work inaugurated was in skillful hands, and that the railroad between the mines in this camp and the mills at Bullionville—a work of great importance to the mining interest—would be built with all possible dispatch. Our readers will join us in hearty wishes for the success of the Pioche and Bullionville Railroad.

A PLEASANT JAUNT.—Being favored with an invitation from Messrs. M. Canavan and M. C. Hillyer, of San Francisco, and J. R. Clark, of Pioche, to join them in a trip to the gay little burg of Bullionville we accepted the invite and had a very pleasant journey. Among other places we visited the Raymond and also the Raymond & Ely Mills. Under the polite guidance of Mr. McMaster, the Company's mill Superintendent, the party was shown over both establishments. At the former we were received by Mr. C. Haggitt, the Superintendent, who piloted us over the works, which are in a condition most creditable to those under whose care they are placed. Both mills were working in first class style, and plainly show the managers fully understand their business. Our kind entertainers will please accept our thanks for their courtesy and hospitable attentions.

THE STREETS.—In a new and growing town like Pioche, the constant improvements will necessarily cause the streets to be temporarily encumbered with piles of earth and building materials. There is, however, another matter to which we wish to call the attention of our citizens, and that is the unsightly condition of our streets, caused by throwing refuse of all descriptions until the roadway as you walk down Main demoralized by picking up cases, old boots, rags, discarded clothing, old wrapping paper and litter of every description meets the eye on every side. We therefore respectfully suggest to the several business houses that the street is not the proper place to throw all refuse from their various establishments and that the practice of doing so is more honored in the breach than the observance.

ARRESTED.—Yesterday our efficient Sheriff John Kane received a telegram that Frank Soule had broken out from the Hamilton jail and fled to Pioche. The fugitive Frank was not long at liberty for Sheriff Kane arrested him on the same day the telegram was received. Since the arrest was made a writ of Habeas Corpus was issued and made returnable last evening at 7 o'clock. Sheriff Kane seems to have a happy facility of laying the strong arm of the law on evil-doers.

FOR SALT LAKE.—E. L. Mason, County Surveyor of this county, and who has been employed in nearly all of the important mining suits arising in this State—and they are not a few—leaves for Salt Lake this morning. He has been engaged to make a survey and map of the celebrated Emma mine at Cottonwood. Mason stands at the head of his profession and his services, as a natural consequence, are always in demand. He will be absent a month but we hope not forever.

BULLIONVILLE.—The Republican mass meeting seems to have been held under considerable difficulties. Our informant tells us that he was on hand armed with a ponderous note book about the size of a mercantile ledger and half a dozen lead pencils, but was miserably disgusted to find that the speaker's stand was placed so near the Raymond mill that the noise of the stamps so completely drowned the mellifluous accents of the orator that the evening that our informant had to give up the task in despair.

W. U. TELEGRAPH.—We are glad to announce that this line is open for business. It yesterday favored us with press dispatches, for which we tender our thanks. The inhabitants of Pioche will appreciate the increased telegraphic facilities and bestow a liberal patronage on the new line.

REPUBLICAN PRIMARIES.—To-morrow the Republicans will hold primary elections in the several precincts of this county for delegates to their county convention to be held in this city on the 12th. The faithful are expected to enroll their names in the Grant and Wilson Club to ensure them the right to vote.

New Ads.—Meeting of Hose Company this evening. Postponement of Masonic meeting to Monday, the 7th. Summons in the case of Coleburn vs. McCausland, Moore and Newman. Delinquent sale of the Beckwith Mining Company.

Patrik Crotty, a native of Ireland, received his naturalization papers yesterday from the District Court, Judge Fuller presiding.

J. J. Halpin and John R. James arrived per Hamilton stage last evening; both well. Glad to see them back again.

## W. U. Tel. Co.—First Dispatches.

The first news dispatches over the wires of the Western Union Telegraph Company connecting Pioche with points west were received here yesterday morning, and will be found in our columns to-day. Before, however, the line was in complete working order and the wires had been placed in position for the regular transmission of dispatches, the following congratulatory messages passed between Gen. A. L. Page, President of the Pioche and Bullionville Railroad, and James Gamble, Superintendent of the Western Union Telegraph Company at San Francisco:

FROM GEN. A. L. PAGE TO SUP'T JAS. GAMBLE.

Accept my hearty congratulations for the never tiring energy you have displayed in connecting Pioche by magnetic wire with the civilized world. Ground will be broken to-morrow for the Pioche and Bullionville railroad. I bespeak a bright future for Eastern Nevada.

A. L. PAGE.

FROM SUP'T GAMBLE TO GEN. PAGE.

Your dispatch received, it is the aim of the Western Union Telegraph Co. to meet the wants of the people whenever telegraphic facilities are required. The people of Pioche are entitled to the greatest credit for the very liberal manner in which they met my proposition to connect our wires with that place. I have no doubt the same liberal spirit will soon give their thriving city and prosperous mining district railroad connection with all parts of the Union.

JAS. GAMBLE.

THE BALL last evening at Mrs. Grambs' was attended by a large company of ladies and gentlemen who enjoyed themselves greatly.

IN ALL CASES, of whatever nature, Dr. D. H. Whelpley guarantees a sure cure. In cases of venereal diseases, piles of long standing, chronic diseases, etc., a cure is effected without the use of mercury. He cures piles in a short space of time. Consultation strictly confidential. Office at Mrs. Pyle's Lodging House—Room No. 5.

A CIRCULATING LIBRARY affords a cheap means of obtaining good reading matter, and at a trifling expense. C. Weiderhold furnishes novels and standard works for 25 cents. He also keeps on hand stationery, cigars, tobacco and smokers' materials. His establishment is on Main street, opposite Meadow Valley.

ATTEND to your teeth; don't wait until they ache and then in language of regret say you would give most anything to save them. Go at once to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and, what nature intended, your teeth.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

At Burrage's Drug Store, Main street, directly opposite Lacour street, is the largest and best assortment of pure drugs and patent medicines; also perfumery, fancy goods, paints, oils, turpentine, lamp chimneys, etc.

WILSON & SOLOMON, dealers in Stationery, Cigars and Tobacco, Folks & McAlpin's saloon, Meadow Valley street. Also a circulating library.

CUTTING & CO.'S California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all first-class grocers.

## ROOFING!

THE UNDERSIGNED IS PREPARED TO furnish the people of Eastern Nevada with

Asbestos, Tin and Felt Roofing

H. W. Johns' Asbestos is recommended by leading builders in the Eastern States to be superior to either tin or shingles, as it neither expands or contracts by heat or cold, and is practically fire and water proof. It is 39 inches wide, and is easily applied by any one.

From Report Judges American Institute Exhibition of 1870:

H. W. Johns' IMPROVED ROOFING—"Is strong and flexible, unaffected by the sun's heat; practically fire-proof, and is really an article of the first order of merit."

HORACE GREELLEY, Pres't.

GEO. PEYTON, Rec. Sec'y.

SAM'L D. TILLMAN, Cor. Sec'y.

Report of Judges American Institute, 1871.

"These materials prove, by their general use and test of time, to answer their purposes fully." "The Best Article in the market." Signed,

W. B. OGDEN, Pres't.

JOHN W. CHAMBERS, Rec. Sec'y.

SAM'L D. TILLMAN, Cor. Sec'y.

This roofing is particularly adapted to mills and barns, as it is acid proof, and does not sweat or rust.

Also Asbestos roof paint and cement.

Canvas roofs made perfectly water-tight, by Asbestos Cement.

Also, Asbestos roof paint, to be used on Asbestos, tin or shingles; and Asbestos Cement for bad leaks, rust or nail holes in tin before painting.

TIN ROOFING done up in neat bundles of 100 feet, in sheets 10 feet in length, sent with proper directions to any part of Eastern Nevada.

Also, common felt for sheds and other cheap, flat-roofed buildings.

Send exact measurement of building over all, and all roofs will be guaranteed to fit.

C. B. LOVELL,

Agent for Eastern Nevada.

Pioche, August 20, 1872.
